

Small Group Instruction as a solution to Differentiate in Elementary Classrooms

Today, you will be able to:

Summarize the benefits of the small group instruction compared with the whole group instruction.

Small group instruction **is not a substitution** of whole group instruction!

Both options have benefits and are **equally important.**

When is the **Whole group instruction in Literacy** recommended?

- Teach curriculum lessons.
- Exposure to new vocabulary.
- Exposure to grade-level texts.

When is the **Small group instruction in Literacy** recommended?

- Teach Foundational skills.
- Students grouped by needs / skills.
- Flexible grouping.

Read the following **articles** to know more about the differences between Whole Group and Small Group Instruction.

Read

Now, you can answer the following question in the Discussion post panel.

Do not forget to comment at least two of your coworkers' answers.

Think in your classroom. What does usually work best between Whole Group or Small Group Instruction?

Post

Check what you learned!

Now it is time to show what you know so far.

Answer the next questions about the first part of Module 1.
